

Dubai Marina

MARINA HEIGHTS

There is more to life than work, and more to Marina Heights than superlative accommodation. Step out onto the leisure deck and you enter a private space where you can shed cares or pounds with equal ease. Exercise to your heart's content in one of two ultra-modern gyms - naturally, you'll find all the latest equipment, and separate male and female facilities - or burn off the calories in your private squash courts.

Those who prefer swimming will find an Olympic-size lap pool, in addition to a leisure pool on the sun deck, and a separate children's pool for the smaller members of the family. The Terrace Cafe will satisfy any appetite, and the area is the perfect place to while away a lazy afternoon and appreciate your good judgment in choosing Marina Heights.

Project Name	Marina Heights
Developer	Abdul Salam Al Rafi Group
